

SIG-CMR NEWSLETTER

APRIL/MAY/JUNE 2025

#2

Welcome to our second newsletter of 2025!

Hello SIG-CMR members

Thank you to our members who sent in contributions for our newsletter: Paulo Vicente, Koraljka Golug and Jian Qin. There is plenty to interest members.

ASIS&T SIG CMR Workshop Committee update

The ASIS&T SIG CMR has established a Workshop Committee to organize a full-day workshop proposal for the ASIS&T 2025 Annual Meeting. The committee includes the 2024–2025 SIG CMR Officers—Brian Dobreski (Chair), Paulo Vicente (Chair-Elect), Heather Moulaison-Sandy (Past Chair), Alison Day (Communications Officer), and Laura Ridenour (Web Manager)—as well as members Ashwani Kumar, Barbara Kwasnik, Brendan Honick, Bhakti Gala, Jane Greenberg, Jian Qin, and John Kausch.

The proposed workshop, titled "Knowledge Organization Meets Artificial Intelligence: In Theory and Practice," will provide a platform to explore how foundational principles of Knowledge Organization (KO) intersect with recent developments in Artificial Intelligence (AI). The event aims to blend conceptual grounding with hands-on experience, guiding participants in the use of Generative AI tools to support key KO tasks such as metadata generation, classification analysis, and domain analysis across diverse communities of discourse.

Stay tuned—SIG CMR will share more updates if the workshop is accepted!

Reparative Archival Description Working Group – New Release

The Reparative Archival Description Working Group at Yale University recently released:
Recommendations for Describing Gender Identity in Archival Description

https://guides.library.yale.edu/ld.php?content_id=80267736

Newsletter #3 - Contributions

I will be looking for contributions for our next newsletter to come out in July. If you know of events, conferences, workshops, webinars or anything else that would be of interest to our members, please let me know so I can include it. I will send out a request nearer the time. My email is alison.day@vuw.ac.nz
