## Quick Recap

- Student Paper Award - For June
  - Will be looking for jury members - we have 2 already
- Our webinar had record attendance with 190 registered and 94 attending live (most EVER!)
- 9 people attended our business meeting and were engaged
- 2 new leadership positions filled

## Agenda

Follow up Regarding the last meeting

- Decision was made not to combine SIG-KM with LIS

Regarding Best Paper Award

- Best Paper to be awarded at the 2nd quarter meeting in June at the New Mexico Meeting
- Question regarding if the award should be given to Students (research) or Professional (whitepaper)
- Award:
  - \$500 cash
  - Potentially 1 year free membership for ASIS&T (this has been done before for paper contests with SIG III; also multiple awards could be given)
- Understanding the breakdown of attendance at the conference (students vs faculty vs industry)

- Would a paper contest increase attendance or bring new people to the meeting (either encouraging student attendance or perhaps bring in industry professionals not already associated with ASIS&T?)
- Majority interested in providing the opportunity to students
- Suggestion to require the top 3 student winners present their papers prior to New Mexico meeting
- Penny Sympson volunteered to help review student paper submissions

#### Recruiting for the SIG-KM Board

- Kip Wolf is elected Treasurer
- Rhonda Grice is elected Social Chair
- We have a full board!

#### What we're aiming for this year:

- Best Paper Award
- 2 webinar events
- Promoting connection with our members

#### Kip Wolf has proposed a webinar

- He has a background in content management
- Interested in data integrity: metadata, schemas deep dive
- The floor is interested in having him present for our second event in August or September

#### Points from Open Discussion

- Our SIG combines industry and academic backgrounds; so providing events for both is key
- Question regarding affiliation background of SIG-KM members
  - Potentially 30% industry
  - SIGs can earn the income from the webinars

#### From the Floor:

- ASIS&T EC is looking for how we want to collaborate as a SIG
- Non diluted funding discussed
- SIG Cabinet Proposal for combined SIG support & cross pollination

Amy will follow up with new SIG Board members for a bio & headshot for our website

Meeting Finished at 1:33 pm pst
